#### CHOICE COINS FROM

#### NEW ENGLAND'S LARGEST

#### AND MOST ACTIVE RARE COIN DEALERSHIP

#### OUR POLICY

Here at New hingland Barre Coin Galleries, the emphasis is always on inhality since we believe that top quality more than pays for itself in the long run. If you agree with our philosophy, then we surely have what you are looking for!

#### QUALITY AND VALUE

We grade all of our coins accurately and conservatively, and if there is any doubt, we always grade in the customer's favor. Quite often our 'All' coins will be equivalent to, or better than, coins offered as "Bl" or even "Choice Bl" by some other coin sellers. All coins are described as fully and accurately as possible and since we don't believe in pushing grades or ignoring defects, weak strikes, minor scratches, nicks or signs of cleaning are always municons.

This is why our prices may seem higher at times, so if you are shopping prices, make sure you shop grading standards as well. An overgraded coin is seldom a bargain, even at so-called "bargain" price.

The very fact that many of fmerica's leading and most knowledgeable dealers, collectors and investors continue to buy at an ever increasing rate from N.E.R.C.G. should be testimony to the fact that we do indeed offer you the best possible value per dollar spent on today's market.

#### EXPERITSE

Our staff is comprised of some of America's finest and most knowledgeable numisantists, who can guarantee authenticity because they know the difference. In fact, numbers of our staff are often called upon as consultants in authentication by massures, government agencies and other coin dealers. Methers of our staff stay in constant touch with the coin market by attending virtually every major coin show and many constant could with the coin market by attending virtually every major coin show and many constant of the fact. The staff is a standard to the fact of the fact of the race coin market. We understand the true values of rare coins with ciptes us the ability to offer our customers meaningful advice as to which coins are likely to prove to be the best possible investment. Rather than base our advice solely upon mintage figures withic can be misleading, we prefer to base it upon true rarity, current dynam dversus anticipated future demand, past performance and externi

With our help, our customers have tremendous profits by investing in rare coins. In fact, the gains made by our investment clients have far outpaced the coin market in general.

#### PROFESSIONAL INTEGRIT

New England Rare Coin Galleries' reputation for delivering quality, value and service is second to none and has made us one of the most respected names in the industry.

Jim Halperin and Russ Vaughn of our staff are currently the nation's leading membership recruiters for the American Numismatic Association. Members of our staff are also members in good standing of such national numismatic associations as B.R.N.A., C.S.N.A., G.S.N.A., A. M.A.N.A., R.C.D.A. and many others. Also, for the past three years, our firm has received the Kruuse Publications (Publishers of "Numismatic News" and "Coinage" magazines) Customer Servico Award.

Wo consistently offer correctly graded coins at fair prices because at N.E.R.C.G. we are looking for long term repeat business, not one time sales. Our policy of offering sincere advice to our clients, rather that touting the investment potential of coins we don't really feel are good values, has payed tremendous dividends to our clients and ultimately to curselves as well. WANT LISTS

Wearly half the couns we handle never appear in an advertisement or catalog. Instead the are sold immediately upon purchase to customers who have seen us their want list, superant N.E.R.C.C., want lists are serviced, not ignored. If you are locking for a particular locate them for you, off course, there is never any obligation on your parts.

INVESTMENT COUNSELING

Warbers of our staff are always in a position to advise you as to the coins which we feel will offer you the best return per dollar invested based on your anticipated bolding period. We are extensively involved in all phases of the coin market and no one is more qualified than we to recognize truly scarce and underpriced numinantic items.

Although we do not recomend the purchase of rare couns as a short term investment, we see that for long term investment, no better medium exists. Investment packages can be tailor made to your individual needs and if you would like to discuss this service, unlesse call its and set for Christopher Traces.

SELECTION

We actually have greater difficulty in purchasing quality coins than we do in selling them. Fortunately, our sources in this regard are nearly unsurpassable. Many America's leading dwalers and collectors regularly call on us with rare and desirable numinantic properties. Our high volume, low margin of profit business allows us to pay competitive and often record breaking prices for rare coins.

Members of our staff attend virtually every major coin convention and examine several million dollars worth of coins each week so that we may bring our customers the very best values from other dealers' inventories.

As a point of interest, we do not hold back portions of our investory and keep the best investments for ourselves as many dealers do since we feel that our valued customers deserve to profit from this incredible market. In fact, all of our new purchases are immediately available for sale as soon as we catalog and price that

Our inventory, which consists of approximately two million dollars worth of numismatic United States coins alone, is one of the largest and most comprehensive in the nation. Our business is to meet our clients' needs and we think we do an excellent job of it.

ALTERNATE CHOICE

We attempt to price and grade all our coins to be outstanding values, so naturally, choice, desirable coins that are priced to sell (and most of the coins which we offer for sale fit into that category) cannot be expected to remain unsold for long.

Invariably, when we publish our advertisements and catalogs and price lists, we will get multiple orders — often as many as 10 or 15 orders for the same coin. Since early all items are one or two of a kind, we often must disappoint our customers with "sold our" letters and refund checks. This is certainly reprettable, but the alternative of precape our coins higher to avoid multiple orders doesn't appeal to us, nor would we expect it to anneal to our engineers.

Therefore, all we can advise is to please order as soon as you can and list second choices if possible. Naturally, we will never use your second choice listing unless we are sold out of your first choice.

1806 EF. The 2nd rarest draped bust half dime. Unique in line. This specimen has attractive original color and no defects of any Mind Allbough there are some week areas the color may even have some claims to EP-AH grade in terms of actual weer. A most attractive (and WAET) color.

1807 Heraldic Eagle Gem RU MS-70. Here at New England Rare Coin Galleries. we have handled many finest knowns of different dates and varieties. We have even gone as far as to describe coins as the finest of a type that we've ever handled. However, here is a first! We feel that we can sav without hesitation that here is probably the finest example (of any date) of a major United States seen one that even comes close. This coin is 100% fully struck down to the center of each star. There is not a bagmark to be found anywhere on the coin The lustre is not broken anywhere and there isn't a hint of rub. It is simply this is not a coin which one would expect to ever see in this condition. We. the coin, so the price to you is expensive. However, we doubt if a comparable coin will ever be available for sale, 12.500.00

#### THE 1866 MAI MOTTIN DOLLAR - ATTRACTIVELY TONED PROCE

This very cost was caned by a pirtual "Who's Sho" in American Numismatis Eistbay

This coin is "semi-unique", in that there are two specimens known, but one was solder nearly a decade ago and the selectabouts of it are uncomen. The faulties built sittlement Collection, considered the only "complete" U.S. goin collection, is MISSING an 1866 to Motto Pullar.

There are 15 1804 dollars extant today, there is only one 1866 Ng Motto dollar extant.

There are 5 1913 Liberty mickels extant today, there is only one 1866 No Motto dollar extent

There are a handful of U.S. coins which have realized over \$100,000. Some have realize over \$200,000. There are two which are currently being firered at \$300,000. Name off them approach the rattly of the 1886 No Motto dollar.

We, at Yew England Rare Coin Galleries, feel this is the first undergate diffried States, coin currently on the market. Below are some of the reaches why.

These examples were selectively cited, but offer a realistic prospection of the market at that time

Refer to page 150 of the Guide Book where it is referred to as a transitional pattern. Actually this is incorrect, for it is of the same design as the preceding issues rather than that of the succeeding issues. (To illustrate: An 1865 With Motto Dollar would be an example of a pattern issue. The 1866 No Motto Dollar falls into the same category as a 1913 Liberty Nickel or an 1804 Silver Dollar.)

Stack's computed the present coin's value to that of an 1804 Silver Dollar (currently valued in the \$200,000 range). We feel we have prioed the coin conservatively in order to sell it quickly. Here is really a once-in-a-lifetime opportunity to acquire one of America's greatest ratios for only

THE 1884 TRADE DOLLAR

A choice, beautifully toned specimen, last sold in the Pelletreau Sale (Stack's) in 1959. Glittering Choice Proof, and one of only ten struck.

In that sale this coin was described as follows:

"I 54. 1884 Trade Dollar. A beautiful BFILLIANT FROOF with raised borders, as we alway and sharply defined eagle. This great rarity is from the Will I. Noil believation 1st 1888 sold in 1871. It was also in the formula stawar and foo follestors. These coins were discovered at the turn of the century by FMI whelphis dealer. It that the the dealers guessed that there were the struck. After vertexing the various sales mesonic and privates collections in the contract of the second sec

We feel that the original estimate of ten struck is probably correct, and it is now are strucked as official mintage figure. At least mine, and possibly all ten specimens are known, but only four or five are in Choice condition, such as the specimen offered here. In fact, every dealer to whom we showed this coin and our 1885 Trade Dollar, agreed that each was the finest of the date that they had seen.

The 1884 Trade Dollar is in approximately the same rarity class as the 1884-S dire (10-2 known of 24 struck - recently sold for 897,500.00), the 1876-C 200 piece (12-14 known of 10,000 struck - currently being advertised at \$100,000.) and the 1838-O half dollar (10 known - an impaired specimen recently sold for \$50,000.).

If anything, the 1884 Trade Dollar is rarer than any of the examples above, and further enhancing its value is its fantastic condition. We are certain that this coin will prove an outstanding investment for its new comer. It is certainly an excellent value at our conservative price.

This Choice, beautifully toned specimen, Ex. Pelletreau, Neil, Atwater and Roe, probably the FINEST KNOWN example, is now available from us for only...

# THE FABULOWS

#### TRADE DULLAR

This splendid specimen was last sold publicly in the Blademhoffer Sale (Stack's) in 1855. It is a perfect match to the previously offered 1884 - perhaps even slightly Thorabe are a plittering Choice Front example with beautiful natural toning. One of calls flive are a plittering Choice Front example with beautiful natural toning.

In the Baldenhoffer sale, our coin was described as follows:

THE EXCESSIVELY HARE 1885 TRADE

"Mode 1885 The Truste Dollary of this data was said in how been discovered to the producted of the year. Carola has been believed in the Vision and Vision

Pive struck is now the officially accepted figure, and all five specimens are known. However, three of these are permanently impounded in facous major collections (filiasberg Amon Cartor and Norweb). The other specimen, last sold in 1965 (Bwalt sale - Stack's) was impaired. This is now the only Choice, COLECTABLE specimen of this date.

The 1885 Trade Dollar is probably America's greatest rarity that is currently for sale. We note the recent sales of an 1804 silver dollar (15 specimens known) and a 1907 MOMIT Extremely High Relief (12 - 14 specimens known) both for amounts reportedly in excess of \$200,000. The 1885 Trade Dollar is more than twice as rare as either of these

The 1885 Frade Dollar offered here is in the finest possible condition. It is equal or superior to all other known specimens. The only other collectable specimen was abrasively cleaned and has severe hairlines. This specimen is a Choice, beautifully toned Proof - absolutely an uniprovable coin! The dealers we showed it to considered it to be the finest known.

The 1885 Trade Dollar is one of the most infrequently offered of all U.S. coins. No 1885 Trade Dollar has been offered for sale since 1965 (Dwalt). No Choice one since 1965 when this one was last sold.

Meanshile, four extremely high relief double engliss have been sold in the past five years. 1804 Silver Dollars are offered for sale virtually every year. At least three 1913 Liberty Nickels have traded hands within the past decade. Yet, to our knowledge, only two 1885 Trade Dollars had been sold from 1942 until we purchased this one in Aurust 1974.

The 1885 Trade Dollar is one of the most famous, romantic, and well-established rall U.S. coin rurities. It is NOT a pattern issue or a recently-promoted "rarity". It is undisputedly the rarest collectable regular issue silver coin.

It is almost impossible to say what this fabulous coin will bring in the future,

but it is strong locations when it is we come will realize a satestatial profit should be ever decide to sell the coin. This has been the case with nearly all great numeratic rurities. Furthermore, there is the transidous satisfaction (and often fame) that comes from comersing of a classic rurity.

We proudly offer this Choice, beautifully toned specimen for sale.

#### NEW ENGLAND RARE COIN GALLERIES

#### NEEDS TO BUY COINS, TOO.

Whit collectors and investors are faced with a dilemma when it is time to sell. Who should the coins be sold to? What method should be used? (Outright sale for cash? Auction? Private treaty consingment?). And most important, the collector usually wants to go to a reliable dealer where he is assured of the best possible deal. Many collectors and dealers are learning that New England fare Coin Galleries is just that place.

N.E.R.C.G. purchases hundreds of thousands of dollars in rare coins each month for cash. As the dramad for rare coins exceeds the number that collectors and investors can supply us with, we must purchase many (well over 75%) of our coins from other dealers. These are coins which they purchased from collectors at sub-abilesale prices to sell to us! Why not go where top dollar is being paid - to N.E.R.C.G.. Dealers do, why not you?

Our buying interests are not confined to choice and rare U.S coins. Members of our staff have purchased some of the finest paper money collections sold in the past five years, and our staff is knowledgeable in (and eager to buy) rare foreign crowns, minors, and cold.

As coin retailers, we are able to pay top dollar. We have collectors ready and waiting for your rare coins, and we're ready to pay more to get them.

If you do not choose to sell your coins outright, we offer the services of the newly formed New England Rare Coin Auctions. Every auction will be given heavy exposure and catalogued expertly by our staff. Cash advances are available if you wish.

Occasionally, a situation arises where meither outright sale nor auction is the answer. Private treaty sales are senetimes executed by N.E.R.C.G. for a small commission. (We recently sold a mint error for a client for which he recieved nearly six thousand collars!) If you have a rare coin, the odds are 99-1 we have a customer for it. If you have a collection, large or small, we definitely have the best facilities to handle it, no matter what means you prefer. (We'll be glad to advise you of the best means of disposing of your collection if you wish.)

No matter how large, we are financially able and munismatically knowledgeable enough to handle your collection. If you know of a collection for sale, we will be happy to app a generous finder's fee for your assistance in directing us to it. And, even if the "collection" involves only one major coin and nothing else, we're eager to buy it! In fact, the highest price ever paid for a single coin in the history of the American Numismatic Association Convention was paid by N.E.R.C.G.

To put it simply, we are serious buyers of rare coins. We are famous for paying top prices in the industry: no one pays more! Ne weant to buy coins, we HATE to buy coins. If you are ready to sell, contact New England Rare Coin Galleries. Call toll-free 800-225-3658 or in Massachusetts collect, 617-879-7711, to set up a time for us to vice wour collection.
